

BayAlert

EMERGENCY NOTIFICATION SYSTEM

Do you want to know right away if the college is closed due to weather or other emergency? Of course you do! You can with the college's BayAlert Emergency Notification System!

Bay College has partnered with one of the leading selective mass notification systems in the country, e2Campus. With this system in place students that have opted in* to the program will receive a text message on their cell phone or other wireless device or a voice message on your home phone as soon as a decision is made. This system can be used in the event of school closings, class cancellations, and other emergencies.

Students can sign up for this service by visiting **myBay** or **www.baycollege.edu**

*It is very important that students follow all instructions and verify their account to ensure it will work properly.

Once a student is registered and their account verified, they will receive a text message in the event of an emergency that will provide them with closings and/or other important information.

Text message charges dependent on your carrier and calling plan may apply. Bay College is not responsible for these charges and will not make any reimbursements for text messages received.

The college will continue to work with local radio/TV outlets in the event of a closing/emergency.
