* MATH-106 and MATH-105 do not satisfy MTA.

- Transfer students should take MATH-110 which will fulfill the math requirement.

- Bay has an articulation agreement with LSSU whereby courses in this program transfer into a B.S. of Environmental Management.

- Students will need to complete additional General Education requirements to satisfy MTA. See course catalog for additional information about the Michigan Transfer Agreement.

- Students should also check with their transfer institution for the level of math required.

** CHEM-110 and CHEM-112 are recommended for the first and second semesters for students transferring into a Baccalaureate degree. Students should check with the transfer institution.

- Students who choose to take CHEM-110 also need to take CHEM-112 to meet program requirements.

- Students who take CHEM-108 do not need CHEM-110 or CHEM-112; however, CHEM-108 is not transferrable in most cases.
