Letter of Agreement

Between: Bay de Noc Community College & Teachers' Education Association (M.E.A. Affiliate)
Regarding: Division Chair Selection for Allied Health
Date: May 11, 2018

This Letter of Agreement serves as recognition that Bay de Noc Community College (Bay College) and the Teachers' Education Association (M.E.A. Affiliate) enter into an agreement to collaborate with regard to the election of a division chairperson for the Allied Health Division.

The FTF Master Agreement outlines the election of a Division Chair for each division. Agreement language suggests that a single nominee be selected by the Dean (0112.B.3.a). This Letter of Agreement outlines a process by which Bay College and the M.E.A. Affiliate agree to the nomination of co-division chairs within the Allied Health Division that will split the duties typically assigned a single division chair. This agreement serves as an agreement that this is a one-time exception to the contract language.

Justification for this one-time exception includes that facts that the Allied Health Division has a high percentage of non-tenured faculty and that tenured faculty are not interested in nomination as Division Chair. Additionally, it is thought that by splitting division chair duties between the existing Division Chair and a new, non-tenured Division Chair, a smoother transition will occur. Bay College and the M.E.A. Affiliate both agree that this one-time exception will be an effective way for a tenured co-division chair to mentor a non-tenured co-division chair. Division Chair Responsibilities will be split as indicated in the attached document.

It is agreed that in 2019 Division Chair Selection and Appointment will return to the historical practice of selecting a single nominee to serve as Division Chair for each Division.
