0100.1      Senior instructors may be designated by the appropriate administrator in charge. The appropriate administrator in charge's designation shall not be grievable, and may be revoked upon documented sub-standard performance. The 160 hours can be accumulated at any one or several of the college's campuses.

0100.2      Upon application, all future instructors will fill out a *Qualified to Teach Form* for credentialing purposes that will be held by Human Resources and made available to the administrator in charge when reviewing potential assignments.

The following *may* be considered by the administrator in charge when making assignments:

- educational transcripts and degrees, certificates, licensures, etc.
- letters of reference,
- awards,
- related past work experience, and/or apprenticeships
- past teaching performance reports, (evaluations & student surveys)
- specialized courses and/or workshop completion, and other related, documented professional development
- length of service in the department
- follows policy, procedures and best-practices of the department.
- demonstrates continual improvement in the development, delivery, and revisions in course curriculum.

If an instructor has any new documents listed above that they would like to add to their personnel file, the instructor can send it directly to the Human Resources Department. A hard copy or an electronic copy will be acceptable.

- 0100.3 An indication by Instructor that he or she is qualified to teach a course does not supersede the administrator's right to determine if the instructor is qualified pursuant to Section 0019.1(f).
- 0100.4 Within ten (10) working days after notification of Staff sections, the Instructor shall submit a list of courses he or she is available and willing to teach. The courses will be ranked, but not necessarily assigned, according to preference:
- a. A Senior Instructor shall be assigned six (6) semester contact hours on the basis of qualifications as determined by the appropriate administrator.
  - b. Thereafter, administration shall assign a minimum of three (3) contact hours to each remaining Association Instructor on the basis of qualifications as determined by the appropriate administrator.
  - c. All other and further assignments shall be at the sole discretion of the College, pursuant to Section 100.2 above. No assignment need be made if the Instructor is not qualified, or if the assignment shall fail for any legitimate reason, i.e., lack of adequate enrollment. If an assigned Instructor is "bumped" by a full-time instructor, he or she may, in turn, bump the least senior, non-senior-status part-time instructor of any course in which the bumped instructor is qualified to teach and has taught within the past two years.
  - d. If an instructor is dissatisfied with the appropriate administrator's determination of qualifications/class assignment, he/she may seek from the appropriate administrator, rationale for his/her decision(s).
  - e. For purposes of clarification, any previous practice(s) of instructor assignments based on, or related to "home division/home campus" are not recognized and the language otherwise contained herein shall be considered complete.

- 0100.5 An Instructor may be assigned courses that exceed the maximum twelve (12) contact hours under the following:
- a. College identifies courses that have not been assigned per the terms and conditions stated in Section 0100.4.
  - b. Full-Time Instructors have been offered the courses that remain unfilled and recognize that these are intended as temporary staffing arrangements.
  - c. Instructor is offered courses based upon qualifications as determined by the appropriate administrator.
  - d. Instructors will be considered instructors of the Part-Time Association for compensation and other benefits.
- 0100.6 If an Instructor's assigned class is canceled and the Instructor has not taught the class before, then the Instructor shall be paid ninety dollars (\$90) for the time he or she spent preparing for the class. No one shall be paid twice for preparation of the same class unless the textbook title is changed.
- 0100.7 Instructors will be notified by the Friday of the 12<sup>th</sup> week of the fall semester, if they have been assigned to teach in the winter semester, and by the Friday of the 12<sup>th</sup> week of the winter semester, if they have been assigned to teach in the fall semester. Instructors will be notified by the Friday of the 7<sup>th</sup> week of the winter semester if they have been assigned to teach in the summer semester. This notification is not binding on the part of the College, as final assignments may be altered due to low enrollment. If these notification deadlines become problematic for College Unemployment Claims, they may be waived. For purposes of instructor assignments, the summer sessions shall be considered as one semester.
- 0100.8 Substitute teaching assignments, when not taken by full-time Instructors, shall be offered on the basis of seniority, with the most senior, qualified instructor of the bargaining unit having first option, and the least senior, qualified instructor of the bargaining unit having last option to accept a substitute teaching assignment, provided that applicants for part-time teaching assignments who are not assigned to teach any course may be given preference, according to seniority, if qualified. This provision shall only be applicable to substitute teaching assignments made after notice has been given to the College that the assignment will be of a

duration greater than one week, and shall only be applicable to substitute teaching assignments of which the college has more than two (2) working days' notice of the need to assign a substitute Instructor. Substitute teaching assignments shall not be credited toward seniority, nor shall a substitute teaching assignment be given to an Instructor as an assignment of right if the assignment will cause the Instructor's total hours to equal or exceed twelve (12) contact hours per week.

0100.9 Course Options

The appropriate administrator may request that an Instructor teach an otherwise cancelled course at the Directed Study Rate. This rate of compensation shall not exceed the compensation for a regularly scheduled course.

0101 Instructor Responsibilities

The parties recognize that the principle of professionalism does not lend itself to a fixed number of hours. Instructors are expected to work within their contracted area of competency so that each student is challenged to achieve and learn. Instructors are expected to work professionally, honestly, and respectfully with their colleagues and all college staff.

1. The Instructor shall keep well-informed, with particular attention to the latest developments in his/her subject area and teaching technology. Each Instructor shall teach his/her assigned courses and develop course content and appropriate instructional materials for the course he/she teaches. Each Instructor will prepare and submit to the appropriate administrator, each semester, not later than 8:00 a.m. on the Friday before the first week of the semester, an up-to-date, currently-dated course syllabus for each course to be taught. The syllabus must include safety guidelines relating to emergency circumstances. Use the appropriate [syllabus template that can be found on myBay](#). Instructors will give each student a copy of the course syllabus during the first class session. In the event the Instructor did not receive 5 business days notice before the official start of the academic semester that he or she would be teaching the class and, therefore, had insufficient course preparation time, the Instructor will prepare and hand-out the course syllabus as soon as possible and no later than the end of the second week of classes.
2. Each Instructor shall fulfill routine duties and responsibilities necessary for smooth operation of the college. Instructors will report student attendance or non-attendance as needed by the College.

3. Each Instructor is responsible for fostering and maintaining a learning environment in the classroom or laboratory that is conducive to student success and safety.

Periodic testing and assessment activities including required institutional or division-level assessments, are part of the Instructor's responsibility and are to be included in the course's activities. Likewise the Instructor is expected to regularly monitor college communications (email, voice mail, print, common calendar, and other electronic) to insure consistency in college practices.

Student behavior that detracts and/or disrupts the learning experiences of other students in the classroom or laboratory or endangers the safety of a student should not be tolerated by the Instructor.

Such behavior should be addressed by the Instructor in as tactful, fair, and effective manner as possible. Remedies may include a private conference with the student, a conference with the appropriate administrator(s), or dismissal from class.

4. All absences and reasons for such absences by Instructors from scheduled classes should be reported and approved by the appropriate administrator or Administrative Assistant as soon as possible before the absence. For illnesses and emergencies, notice should be reported to the appropriate administrator and/or their administrative assistant as soon as possible. Substitute Instructors should be used with prior authorization of their appropriate administrator.
5. Instructors will support and assist in the enforcement of college policies and procedures which are not in conflict with this agreement.
6. Instructors will attend a professional development opportunity (i.e. in-service, department/division meeting, speaker) during the academic year.
7. Instructors are encouraged to communicate with the appropriate administrator, full time faculty, and/or lead instructor(s) to seek assistance in securing course materials etc. and shall respond to reasonable requests from other instructors or administrators by sharing course outlines/course syllabi, and information about textbooks, required software, and available publisher's supplements.

102            Class Size Guidelines

The following maximum class size guidelines shall be observed:

The statement shall be provided to the College by the Association. A copy of this contract is available on [the Bay College website](#).

0103.4        Each semester the President of the Association will meet with the appropriate administrator in charge to discuss topics and issues of mutual concern.

0104        Mentoring

- 0104.1        When appropriate, appropriate administrators may assign an Instructor to mentor another Instructor. These Instructors will be expected to develop a more formal relationship with the mentored Instructor, which may include some of the following activities:

The primary goal in schedule development shall be a schedule that best meets the needs of the students of the College. Any proposed modification to the schedule may be made by the appropriate Administrator. The appropriate Administrator will make an effort to communicate with Instructor(s) whose schedule would be directly affected by the modification.

0108.2        In the event that the affected Instructor(s) cannot be reached for consultation, the modification may be made and the consultations shall take place as soon as it is reasonably possible to do so. Schedule changes will not be made arbitrarily or capriciously.

Directed Study, Independent Study and Internship/Co-op contact hours are expressly omitted for the purpose of calculating seniority under this Agreement. The College will maintain a current seniority list for part-time instructors. Annually, by October 1, the list shall be made available to the association. The association shall then have 30 days to review the list and, if necessary, call to the attention of the College, any discrepancies/errors. After any corrections are made (if necessary) the list shall be deemed to be correct and final.

0113.2 An Instructor shall be entitled to have present a representative of the Association during any meeting from which disciplinary actions may result. Such meetings should not be scheduled right before the Instructor will be in the classroom.

0113.3 If a reduction in a course assignment or discharge is to be considered because of inadequacies observed in the Instructor's quality of instruction with students,

- a. the inadequacies must be well-founded incidence(s) that have been documented in the Instructor's personnel records,

Instructors must exhaust their accumulated sick leave (32 hours) before requesting short-term disability benefits. If an Instructor becomes disabled and is unable to return to work for the remainder of the semester, he or she will exhaust his or her accrued sick time and then move into Short-Term

Disability pay until the end of the semester. Instructors will not be required to repay the Short-Term Disability. When the semester ends, the Short-Term Disability pay stops and the benefits will be exhausted. Use of Short-Term Disability precludes the Instructor from returning during the semester to complete the course. The Instructor may utilize the short-term disability benefit twice (2x) during his or her career at the College. The short-term disability benefit can only be used for situations certified by a physician or other approved health care provider. Instructor must provide a Return to Work Authorization to Human Resources prior to resumption of duties.

0301.6-8 (Blank)

0301.9 Bereavement

Instructors may apply for and be granted bereavement hours up to the instructor's weekly teaching load (contact hours) with pay as bereavement leave and can use up to one (1) week of sick leave. The administrator in charge and instructor will work to obtain adequate course coverage. The approved bereavement leave will not be deducted from an instructor's sick leave account.

For the purpose of applying this provision, immediate family is intended to represent the following: spouse, child, step-child, grandchild, parent, step-parent, grandparent, sibling, step-sibling, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, or a member of the instructor's household. Any request not satisfying a capacity expressly stated in this provision must be approved by the instructor's supervising administrator.

0302 Family Leave/Adoption

Any Instructor shall be entitled, upon request, to a leave of absence as defined under the Family Medical Leave Act and Bay College Policy.

0303 Assault upon an Instructor

When an Instructor's absence is the result of an assault upon the instructor as a result of discharging his/her duties, the Instructor's sick leave account shall not be charged for the absence.

0303.1 Instructors shall immediately report cases of assault suffered by them in connection with their employment to their division chairperson and

administrator in charge.

0304-0305 (Blank)

0306 Jury Duty

An Instructor who serves jury duty, when jury duty conflicts with assigned classes, will be paid the difference between the pay received for jury duty and the employee's regular pay if the amount received for jury duty is less than the employee's regular pay.

0307 Leave of Absence

An Instructor may take Leave of Absence (L.O.A.) of up to twelve (12) months for graduate study, research, travel, or other purposes, without loss of employment, when the leave is approved by the College.

0308 Instructor Substitution

0308.1 Instructor anticipating absence from a scheduled class should notify the appropriate administrator as soon as reasonably possible. With the approval of the administrator, the Instructor may trade class time with another instructor qualified to teach the class.

0308.2 Sick time will not be charged to the absent instructor for the purpose of traded time.

0308.3 Sick time will be charged to the absent Instructor when the College must provide a paid substitute instructor, proctor or other individual(s) serving in lieu of the scheduled Instructor. Substitute Instructors, providing academic content, must be faculty employees of the College, as approved by the appropriate administrator. Non-College Employee speakers (Guest Speaker) may not serve in the capacity as Substitute Instructor for the purpose of covering the absence of the regularly assigned Instructor from the regularly scheduled session. **Substitute Instructors proctoring exams must be College employees, also approved by the appropriate administrator. College employees proctoring exams will not be compensated if the course is scheduled during the employee's regular scheduled work time.**

**Instructors substituting in assignments up to and including one week of duration shall receive the basic rate of pay at the substitute's rate. The hourly rate of pay is determined by dividing the substitute's rate by 16.**

0400 Grievance Procedure

0400.1 Any claim by the Association or Instructor that there has been a violation, misinterpretation, or misapplication of the terms of this Agreement shall be resolved through the procedures set forth herein.

0400.2 All time limits herein shall consist of Monday through Friday (school days). Time limits may be extended upon good cause shown or upon mutual consent of the parties. It is understood that the time limits set forth herein or agreed upon shall be considered as substantive.

0400.3 It is understood that grievance problems will be handled at times other than when the Part-Time Instructor is at work. In the event, however, in the handling of a grievance, it becomes necessary for the Instructor to leave his or her work, he or she shall first obtain permission from his or her administrator in charge.

0400.4 In the event that an Instructor believes there is a basis for a grievance, the Instructor shall first discuss the alleged grievance with the appropriate administrator either personally or accompanied by his or her Association representative. Only the necessary persons and/or instructor(s) to the grievance shall be present at such meeting.

If there is no resolution at this meeting, there will be a second meeting (for the purpose of clarifying the intent of the contract language) of the Instructor with the negotiators of the Association and College who participated in discussions, when the relevant clause of the contract was drafted (assuming current employment with College and availability).

0400.5 Step One:

If, as a result of the informal discussion with the appropriate administrator, a grievance still exists, the Instructor may invoke the formal grievance procedure through the Association on a form provided by the Association representative. A copy of the grievance form shall be delivered to the appropriate administrator. The grievance must be filed at Step 1 within twenty (20) days of the

violation, misinterpretation or misapplication, or within fifteen (15) days of the discovery thereof.

0400.6 Within five (5) days after the presentation of the written grievance, the administrator shall give his or her answer in writing to the grievant.

0400.7 Step Two:

In the event the grievance is not settled at Step One, it may be referred in writing to the President of the College within ten (10) days after the date of the answer by the appropriate administrator in charge or his/her designee. At this point, the President of the College may:

- a. Attempt to resolve the grievance by holding a meeting with the necessary persons and/or Instructors to the grievance. Such meeting shall be scheduled within ten (10) days from the date of receipt of the appeal; if the President of the College holds a meeting, the President shall present the Association grievance committee chairperson within five (5) days after conclusion of such meeting with a written answer to the grievance, or
- b. Refer the grievance to Step Three within ten (10) days from the date of receipt of the appeal. Written notice of such referral shall be given to the Association Grievance Committee Chairperson.

0400.8 Step Three:

- a. If the alleged grievance is not settled at Step Two, the matter may be referred to arbitration. Either party may refer the matter to arbitration, provided that notice to refer the matter is given to the other party within ten (10) days from the date of the President's written decision at Step Three. Within ten (10) days after the date of the written request for arbitration, a committee of the Board or its designated representative and the Association or its designated representative shall make every reasonable effort to agree upon a mutually acceptable arbitrator.
- b. If the parties are unable to agree on an arbitrator within the time period set forth herein, the party seeking arbitration shall file a request with the American Arbitration Association

to submit a list of qualified arbitrators. The arbitrator shall then be selected according to the rules of the American Arbitration Association.

- c. The Arbitrator shall hear the grievance in dispute and shall render his/her decision in writing as soon as possible after the close of the hearing. The Arbitrator's decision shall set forth findings and conclusions with respect to the issues submitted to arbitration. The Arbitrator's decision shall be final and binding upon the employer, the Association, and the employee or employee(s) involved.
- d. The Arbitrator shall have no authority except to pass on alleged violations of the expressed provisions of this Agreement and to determine disputes involving the application or interpretation of such expressed provisions. The Arbitrator shall construe this Agreement in a manner which does not interfere with the exercise of the Board's rights and responsibilities, except where they have been expressly and clearly limited by the terms of this Agreement.
- e. The Arbitrator's fees and expenses shall be shared by the Employer and the Association equally. The expenses and compensation for attendance of any employee, witness, or participant in the arbitration shall be paid by the party calling such employee, witness, or requesting such participation.
- f. The filing of the grievance shall in no way interfere with the right of the Board to proceed in carrying out its management responsibilities, subject to the final decision of the grievance.
- g. In the event the alleged grievance involves an order, requirement, etc., the grievant shall fulfill or carry out such order or requirement, etc., pending the final decision of the grievance.
- h. Nothing contained herein shall be construed as limiting the right of any Instructor having a grievance to discussing and having it resolved informally with the employer, provided that the Association be given the opportunity to be present at the hearings or meetings of such grievance and that the final decision by the Employer is not inconsistent with the terms of this Agreement.

- i. It is understood by the parties that no grievance shall be filed or based upon any prior or previous agreement or upon any alleged grievance occurring prior to the effective date of this agreement.
- j. Nothing contained herein shall be construed as a waiver or precedent by any action or lack of action taken by the Employer.

0400.9 Notwithstanding the expiration of the Agreement, any claim or grievance arising, hereunder, may be processed through the grievance procedure until resolution.

0401 Grievance File

0401.1 All documents, communications, and records dealing with a grievance, except the material which is normally kept in the Instructor's personnel file, shall be filed separately from the personnel files of the participants.

0401.2 The Instructor shall have access to his or her own file any time during normal business hours. Items which are sent to the College in confidence may first be removed by the administrator-in-charge.

0401.3 When complaints or entries of a derogatory nature are placed in an Instructor's personnel file, a copy of said complaints or entries shall be sent to the Instructor.

0401.4 An Instructor who has entries or complaints of a derogatory nature placed in his or her personnel file will have a right to respond in writing to these derogatory remarks.

0402-0499 (Blank)

0500      Fringe Benefits

Instructors shall receive fringe benefits as outlined in this contract. Instructors who have other employment status with the College will only be able to utilize fringe benefits based on one of their positions.

0500.1      Professional Development

0500.2      As professionals, Instructors are expected to keep up-to-date in their subject area, teaching methods, and general College information, policies, practices, etc. The College has the responsibility to inform Instructor about its policies and to make available to Instructor its available resources for professional upgrading. Where deficiencies exist, the instructor and his/her supervisor will address and remedy them.

0500.2.1      When the College would like Instructors to receive advanced training to teach specialized courses, it may reimburse expenses for such training.

0500.3      Annually, a pool of at least \$5,000 will be provided for development of Instructors. Appropriate expenditures include travel costs, registration fees, lodging, meals, professional memberships, professional publications, etc.

0500.3.1      Allocation of these funds will be determined by the appropriate administrator in charge.

0500.3.2      Each year any unused balance, up to a maximum of \$2,000, will be *rolled over* into the next fiscal year for use in the following year.

0500.4      Retirement

Instructors shall be provided a retirement program through the Michigan Public School Employees Retirement System, in accordance with Michigan law.

0501      (Blank)

0504 Meals Allowance and Lodging

An Instructor shall receive a travel allowance for pre-approved travel in accordance with College policy.

0505 Tuition Grants

A. Any Instructor may take any Bay College class or classes without charge for tuition with written permission of the appropriate administrator, provided that there is no conflict affecting the ability of the Instructor to perform his or her teaching assignment. The use of this clause to increase enrollments for the purpose of having a "go" situation in a class shall be grounds for dismissal. This provision excludes

directed study and independent study. Fees for workshops, seminars, and clinics are excluded from this provision.

- B. After an instructor has completed one full year of service as per Board Policy 510, Instructors who are currently teaching at least three (3) contact hours may have tuition charges for their spouse and/or dependent children under 24 waived at a pro-rated rate. During the Fall and Winter semesters the pro-rated rate will be determined by the number of contact hours they are teaching based on what is considered full-time in their division, but will be capped at 75%. During the summer session, a teaching load of three (3) contact hours or more will qualify for a half 50% tuition waiver. If the Instructor taught at least twelve (12) contact hours during the prior fall and winter semesters combined, and he or she did not use his or her their tuition benefit in the prior fall or winter, then he or she shall receive a 50% tuition waiver in summer.
- C. If an instructor voluntarily resigns within the semester they are receiving a tuition grant, the instructor is responsible for reimbursing the College for the cost of the tuition and fees that were waived.

This fee (one time) will be equal to one-half (1/2) times the compensation normally paid the instructor for the credit hours assigned to the course. All course materials shall become property of the College.

For example, for the development of a three (3) credit course, the instructor will be paid a one-time development fee of 1.5 X the instructor's rate.

0609 Team Teaching

Compensation and load assignments will be identified by the appropriate administrator before team-taught courses are offered.
