

# Accounting

## Certificate

### Why Accounting?

The Accounting certificate program at Bay College provides the business, accounting, computer knowledge and skills required to perform duties as a bookkeeper or accounting clerk. Students may further enhance their employability options by completing an Associate in Applied Science in Accounting degree.

### Why Bay College?

The [Accounting certificate program](#) at Bay College is designed for students interested in an entry level position in the field of accounting or to act as a stepping stone to further their education in business or accounting. Completing the certificate in addition to another business degree can enhance skill sets and provide students with a foundation in accounting skills that will be useful in the workplace.
