

# Certified Medical Assistant

## Certificate

### Why Certified Medical Assistant?

Medical Assistants are multi-skilled allied health professionals that work under the direction of practitioners in ambulatory settings such as medical offices and clinics. Medical assistants are part of a multi-disciplinary healthcare delivery team and performs administrative duties and clinical procedures.

### Why Bay College?

The [Certified Medical Assistant certificate program](#) at Bay College will prepare you to take a national certification exam and earn your Certified Medical Assistant credential. Bay College is beginning a new and exciting 3-semester program in Medical Assisting.

### Beyond Bay College

Though the study tract for Medical Assisting differs from that of Nursing, many medical assistants return to Bay College to pursue an associate degree in nursing or as a paramedic.
