

Early Childhood Education Certificate

Why Early Childhood Education?

This Early Childhood Education certificate program at Bay College is designed to introduce students to the field of early childhood care and education including health, safety, nutrition, child development, guidance, and curriculum for infants, toddlers, and preschool children. Ninety hours of practicum experience are required. All credits earned in this certificate apply toward the AAS degree in Early Childhood Education.

Why Bay College?

The [Early Childhood Education certificate program](#) at Bay College utilizes a mix of 7-week and full-semester long courses. Due to the specific sequence of courses required to complete an AAS degree in ECE, special approval from the Program Coordinator is needed for enrollment. In order to most efficiently serve the unique needs of students, every candidate entering the program will now have an opportunity to confer with the ECE lead advisor regarding placement scores, previous coursework, employment goals, transfer options and possible remote access needs.
